

"The staff of the De Anza CalWORKs/OTI have always treated me with the utmost respect and have boosted my confidence in ways I never thought possible. They taught me to change my 'I can't' thinking into 'I will.' I am so grateful that such a program exists for students like me that thought finishing college was only a dream. Some might say that this program can be used as a stepping stone to helping you achieve your goals - for me, it is my ROCK! I will carry these individuals and their belief in me wherever I go." - M.G., student

"Accomplishing goals is not always easy. You need the will to apply hard work and dedication. CalWORKs, and the consistent support from Foothill's CalWORKs program staff, was my lifeboat in accomplishing my educational goals. Without their support, I would not have been able to provide for my family while attending college full-time, and I would not be able to pull my family out of poverty." - I.S., student
