How did you hear about the DASB Senate?

I have been an intern for DASB since fall 2020.

If you have held a DASB Senate position in the past, what was your position?

Why do you want to join the DASB Senate, and what do you hope to achieve?

I've never joined a student leadership before, but I would really like to what it's like! I hope I could meet a lot of people, learn a lot, and leave an impact :)

What are some of the skills and experiences that you will bring to the DASB Senate?

I've been an intern for the past quarters, so I think that experience on the Finance, Marketing, Flea Market committee has helped me understand a lot about how Senate works internally.

What other commitments do you have and how will you manage your time?

I'm taking 4 classes and also working as a tutor 20 hours per week alongside other lifestyle commitments. I think time management is less about management, and more about prioritization and motivation. In the case of conflictions of time, I try to prioritize what's most important and communicate that priority with other party members.
