How did you hear about the DASG Senate?

My friend recommended me to join

If you have held a DASG Senate position in the past, what was your position?

Why do you want to join the DASG Senate, and what do you hope to achieve?

I really want to join because I want to have the power to change something. As a student, I spot things that need improvement. By joining Senate, I will be able to make college and students' experience here even better. Also, I really want to make new friends and meet new and interesting people !!!

What are some of the skills and experiences that you will bring to the DASG Senate?

I am pretty communicative and friendly. Also, I am open to new ideas and different sight on the situation. I am quite responsible and can take situations into my hands. As for my skills, I was also a deputy headmaster at school.

What other commitments do you have and how will you manage your time?

As for now, I do not have any (except for studying, but I don't think it's a big problem), so I will be able to manage my time properly.

What student concerns do you feel the DASG should address?

The fact that the library closes so early really bothers me. Of course, there are plenty of places to study in college, but the library is the most convenient for me. Even after closing, the light is on, but people are not allowed in, no matter how cold outside. I believe that this issue should be resolved somehow.
