II. Methods of Evaluation and Assessment

A. Attach the "Program Review Data Sheet". Briefly, address student success data relative to your program by answering the items listed below (refer to the link):

http://research.fhda.edu/programreview/DAProgramReview/DeAnza_PR_Div_pdf/DeAnzaProgramReviewDiv.htm

- 1 Growth or decline in underrepresented populations (Latina/o, African Ancestry, Pacific Islander, Filipino)

Explanation:	The volleyball program had a slight decline in underrepresented populations for this year. This stat will change year to year based on the best group of recruitable student-athletes that are available to us.
--------------	---

- 2 Trends related to closing the student equity gap relative to college's stated goals: (refer to
- <http://www.deanza.edu/president/EducationalMasterPlan2010-2015Final.pdf>
- , p16)

Explanation:	The program closed the gap with the Filipino group - going from 75% in 08-09 to 100% in 09-10. My Black and Hispanic groups have remained in the 96% - 100% for the past three years.
--------------	---

- 3 What progress or achievement has the program made relative to the plans stated in the 2008 Comprehensive Program Review, Section III.B, towards decreasing the student equity gap? See:

http://www.deanza.edu/gov/IPBT/program_review_files.html, "Program Review Reports, 2009"

Explanation:	The volleyball program has continued to recruit and go after the best student-athletes that are available at the time.
--------------	--

4 Overall enrollment growth or decline of all student populations

Explanation:	The program has continued to grow in numbers. Growth went from 62 in 07-08 to 77 in 09-10.
--------------	--

- B. Did your program implement any curriculum, program reorganization, etc. changes as a response to changes in College/District policy, state laws, division/department/program level requirements or external agencies regulations? How did the change(s) affect your program?

Change:	No Change
---------	-----------

Explanation:	
--------------	--

- C. Based on the 2008-09 Comprehensive Program Review, Section I.C., "Main Areas of Improvement", briefly address your program's progress in moving towards assessment or planning or current implementation of effective solutions.

See: http://www.deanza.edu/gov/IPBT/program_review_files.html, "Program Review Reports, 2009"

Explanation:	There has not been much progress in the areas of budget, transportation, facilities, or classified positions to improve my program. In order for all of our programs to be successful there needs to be an adequate amount of support staff. We need a full-time certificated athletic trainer to accomodate the growing programs. We need a full-time equipment manager/women's locker room attendant. We need a sports information director to assist and help with getting information out to the community and public, sending in game and individual scores and statistics to the state statisticians. We need our athletic academic advisor's position to increase to 12 months to be able to serve our student-athletes during the summer months when we are in season. The main gym is very outdated and impacted with classes, athletics and community functions. A new gym with bleachers on both sides is needed in order to compete with other community colleges in the area who are recruiting the same student-athletes. The volleyball program has implemented SLO assessments and will continue to improve in this area.

- D. Career Technical Education (CTE) programs, provide regional, state, and labor market data, employment statistics; please see "CTE Program Review Addenda" at:

www.deanza.edu/gov/IPBT/resources.html

- 2 Future plans for your program e.g. enrollment management plans.

-----	-----------------------

Impact:	n/a

Briefly, address any significant recommendations from the group. Describe your program's progress in moving towards assessment or planning or current implementation of effective solutions.
