

MATH- 2B

Linear Algebra

Summer 2015

MATH-02B-01

Monday through Thursday: 10:00am-12:15am in E32

INSTRUCTOR: Dr. Iaroslav Kryliouk

OFFICE: S76C

PHONE: (408)-864-8865

E-MAIL: krylioukiaroslav@fhda.edu

OFFICE HOURS: TWTh: 12:20pm-1:05pm in S76C.

Tutorial Center: S43

Course Description: Linear algebra and selected topics of mathematical analysis.

Student Learning Outcomes for the course:

Outcome 1: Construct and evaluate linear systems/models to solve application problems.

Outcome 2: Solve problems by deciding upon and applying appropriate algorithms/concepts from linear algebra.

Outcome 3: Apply theoretical principle of linear transformations, matrices, and vector spaces.

Text: *Elementary Linear Algebra (applications version)*, 10th edition, by Howard Anton/Chris Rorres, published by Wiley, 2010. ISBN: 9780470432051

Prerequisites: MATH-1D with a grade of C or better.

Reading your textbook will be essential. The exercise sets are written with the intent to forcing the student to approach problems graphically and numerically, as well as the traditional symbolic (algebraic) approach. There is such variety in the exercise sets, that a few lecture examples often can't illustrate every type of question in the homework. This make the reading a crucial part of the student's day-to-day work. The De Anza College catalog advises students to do at least 2 hours of work outside the classroom for each hour spent in class.

Technology: Students must have a graphing calculator. The instructor will use a Texas Instruments TI-84 plus in lectures. Consequently, the TI-84 plus (or TI-84, TI-83+, TI-83) is recommended for the students, but any graphing calculator that has a "table" feature is acceptable. (The old TI-81 and TI-85 models do *not* have a table feature!). *Any calculators that can do symbolic mathematics such as TI-89 or HP-49 are not allowed on exams and quizzes.*

Quizzes: There will be 6 quizzes. The lowest score will be dropped.

Tests: There will be three (3) tests worth 100 points each. Unless otherwise indicated, the graphics calculator will be required for tests. Material from any lecture, homework assignment, or quiz is fair game on test day. Be advised that all in-class assesments are closed book and closed notes ones.

The tentative schedule (subject to revision) of tests and the material covered is the following:

Test 1: Monday, July 13, Chapter 1, 2, 3

Test 2: Tuesday, July 21, Chapter 4.

Test 3: Thursday, July 30, Chapter 4, 5, 6.

Makeup Tests: There are no make –up tests, *under any circumstances*.

Final Exam: There will be a mandatory comprehensive two-hour final exam worth 200 points, and this exam *must* be taken during the scheduled exam time on Thursday, August 6, 10:00am-12:00 pm, in E32.

Homework (HW): Assignments will be given each class period. It is *strongly* recommended that you do complete the homework assignments since you will find them (or similar ones) on the quizzes and exams. You may find some of the problems quite hard because they are about concepts rather than calculations. For this reason it may be very helpful to work on these assignments in small groups. It is your responsibility as a college student to check that your answers and solutions are correct, and to correct any mistakes or misunderstandings. The instructor periodically will collect and grade the small subset of the selected homework problems on the short 24-hour announcement. The turned in homework papers should include solutions of the selected problems only.

Projects: During the quarter students will work in groups of 4-5 students on the application projects, which they will turn in with the corresponding documentation periodically during the quarter.

Mini-projects: From time to time you may have mini-projects. Points earned for mini-projects will apply to your total grade. These are bonus points!

Attendance: Attendance will be taken at each session. **You are expected to attend all classes on time.** If you miss 1 class meetings, you may be dropped from the class. However this is your responsibility to drop the course officially if you decide not to attend any longer. The students are responsible for any material covered and any announcements made in their absence.

Final Grade: Your final grade will be determined based on the following:

Grading Scale:

Quizzes, HW

(80+70)	150 pts	X \geq 675 (96.5%)=A+	X \geq 528 (75.5%)=C+
Test 1	100 pts	X \geq 651 (93%)=A	X \geq 490 (70%)=C
Test 2	100 pts	X \geq 626 (89.5%)=A-	X \geq 420 (60%)=D
Test 3	100 pts	X \geq 602 (86%)=B+	X \leq 420 (60%)=F
Projects	50 pts	X \geq 577 (82.5%)=B	
<u>Final Exam</u>	<u>200 pts</u>	X \geq 553 (79.0%)=B-	
Total Points	X=700 pts		

Missing ne of the major tests is made up through added weight on the comprehensive final exam. Missing additional test results in a score of zero.

***** NO OTHER MAKE-UPS WILL BE GIVEN*****

A grade of “I” (incomplete) will be given at the instructor’s discretion, if:

- i) A student has successfully completed at least 75% of the course work, and
- ii) has shown acceptable evidence which justifies his/her incomplete work.

Important Dates:

Monday, June 29-Summer classes begin

Friday, July 3- Observance of Independence Day (college closed)

Saturday, July 5-Last day to add or drop (with no record)

Monday, July 13-Test 1 (Ch 1, 2, 3)

Tuesday, July 21-Test 2 (Ch 4)

Wednesday, July 29?-Last day to withdraw with “W”

Thursday, July 30-Test 3 (Ch 4, 5, 6)

Thursday, August 6 -Final exam 10:00am-12:15pm, in E32

*** (N.B.: It is the student’s responsibility to complete the withdrawal process. Student who stop attending class are NOT automatically dropped. A student who stops attending class and does not complete the withdrawal process receives the grade of “F”)

Academic Misconduct: Academic dishonesty will not be tolerated. If a student is found cheating on an exam, plagiarizing on writing assignments, or violating other codes of academic integrity, he or she will receive a failing grade for the course and may be reported to the college for an appropriate action. See section on Academic integrity in your current schedule of classes catalog.
