

De Anza College

Course: MATH-001A Winter 2019

Time/Room: Online (TBD)

Instructor: Harmanpal Dhaliwal

Office Phone: 864-8222

Office Hours: (S43/S52A) MW 6:00 pm - 6:30pm, (Online)MW: 8:45 pm - 9:55pm, or by Appointment

Email: dhaliwalharman@fhda.edu (expect a response by the end of the next business day)

Prerequisites: MATH 43 (with a grade of C or better), or appropriate score on Calculus Placement Test within the past calendar year. Advisory: EWRT 211 and READ 211 (or LART 211), or ESL 272 and 273.

Website: Canvas!

Text: Calculus, Early Transcendentals. Stewart

Requirements:Textbook, Binder, Calculator **No TI-89** will be allowed.

Grading

- Your work will be graded on correctness, writing and presentation.
- Your solutions should be clear, with work flowing from top to bottom, left to right.
- Late work will not be accepted and assignments are collected in the first 5 minutes of class.
 - It is your responsibility to take the appropriate measures to ensure that you are in class with a completed assignment at the start of class.

Homework:

- Homework will be assigned and collected in homework sets.
- Homework will be graded on completeness and effort.
- You will need to create a pdf of your homework and upload it to canvas.
- Expect a challenging course requiring about 10 hours work outside of class per week. All questions on homework will be taken, time permitting.

Quizzes

- There will be quizzes given throughout the quarter with.
- Quiz problems will be similar to the homework problems but with cosmetic changes (i.e. numbers, descriptions, names) and questions based on reading of the sections.
- The lowest quiz score will be dropped.

Exams:

- There will be three 50-minute exams, with tentative dates listed on the schedule provided.
- No makeup exams will be given
- Lowest exam grade will be dropped unless the student is caught cheating on an exam, in which case all exam scores will be used
- Note: Online classes, exams are in person. Please look at Discussions section to find the exam times/locations for the quarter.

Labs

- There will be labs assigned throughout the quarter that will be completed in class and within groups.
- Please check the canvas groups to see which group you are in.
- The lowest lab will be dropped

Final Exam:

- There will be one two-hour comprehensive final exam. Missing the final will result in an F.
- Final is multiple choice
- You are allowed 1 page of notes 8.5x11 inches, both sides, hand-written, with your name on the notes.
 - Notes are to be turned in with the final exam.

Cheating:

- No tolerance, those caught cheating will be given a 0 on the assignment and reported to De Anza.

Attendance - In person class only, not applicable for the online section.

- Attendance is very important for learning material and staying up to date with lecture.
- Any student may be dropped after five unexcused (hours) absences.
- Late arrivals or early absences will count as half an absence.

- Note: It is the student's responsibility to drop from the course by the deadline. A student who discontinues attending the course without dropping will receive an F grade.

Grading:

Quizzes: 15%

Exams (3): 45%

Final: 20%

Homework: 10%

Labs/Participation: 10%

Grade Scale

- A 90-100 %
- B 80-89 %
- C 70-79 %
- D 50-69%
- F 0-49 %

Student Services:

- <http://www.deanza.edu/student-services/> (Links to an external site.)Links to an external site.
- De Anza College has many support services to help you succeed in college. This web site leads you to information about financial aid, child care, counseling, academic support, disability support, student activities, and other services that are here for you. The physical location for most of these services is in the Student Community Services Building.
- Tutors are available in S-43, the math and science tutoring center. The tutoring center offers tutor-led study groups and tutors as assistants in the labs (S42 and S48). Go to S-43 to sign up for tutoring.
- Students are encouraged to form study groups. Go to S-43 for help in creating a group with a tutor.

Dropping the Course: from Admissions and Records

- Adding/Dropping Info: <https://www.deanza.edu/registration/add-drop.html> (Links to an external site.)Links to an external site.

(Links to an external site.)Links to an external site.
- Note: If student attended even one class, it is the responsibilities of student to drop/withdraw from course.

Student Learning Outcome(s):

*Analyze and synthesize the concepts of limits, continuity, and differentiation from a graphical, numerical, analytical and verbal approach, using correct notation and mathematical precision.

*Evaluate the behavior of graphs in the context of limits, continuity and differentiability.

*Recognize, diagnose, and decide on the appropriate method for solving applied real world problems in optimization, related rates and numerical approximation.
